

§ 138.100

(e) Except as provided in § 138.90(f), at the moment a certificant ceases to be the operator of a vessel for any reason, including a vessel that is scrapped or transferred to a new operator, the individual Certificate naming the vessel is void and its further use is prohibited. In that case, the certificant must, within 10 business days of the Certificate becoming void, submit the following information in writing to the Director, NPFC:

(1) The number of the individual Certificate and the name of the vessel.

(2) The date and reason why the certificant ceased to be the operator of the vessel.

(3) The location of the vessel on the date the certificant ceased to be the operator.

(4) The name and mailing address of the person to whom the vessel was sold or transferred.

(f) In the event of the temporary transfer of custody of an unmanned barge with a Certificate under this subpart, where the certificant transferring the barge continues to be liable under the Acts and continues to maintain on file with the Director, NPFC, acceptable evidence of financial responsibility with respect to the barge, the existing Certificate remains in effect in respect to that vessel, and a temporary new Certificate is not required for the vessel. The temporary transferee is encouraged to require the transferring certificant to acknowledge in writing that the transferring certificant agrees to remain responsible for pollution liabilities.

§ 138.100 Non-owning operator's responsibility for identification.

(a) Each operator that is not an owner of a vessel with a Certificate under this subpart, other than an unmanned barge, must ensure that the original or a legible copy of the demise charter-party (or other written document on the owner's letterhead, signed by the vessel owner, which specifically identifies the vessel operator named on the Certificate) is maintained on board the vessel.

(b) The demise charter-party or other document required by paragraph (a) of this section must be presented, upon

33 CFR Ch. I (7-1-14 Edition)

request, for examination and copying, to a United States Government official.

§ 138.110 Master Certificates.

(a) A contractor or other person who is responsible for a vessel in the capacity of a builder, scrapper, lessor, or seller (including a repairer who agrees to be responsible for a vessel under its custody) may apply for a Master Certificate instead of applying for an individual Certificate or Fleet Certificate for each vessel. A Master Certificate covers all of the vessels subject to this subpart held by the applicant solely for purposes of construction, repair, scrapping, lease, or sale. A vessel which is being operated commercially in any business venture, including the business of building, repairing, scrapping, leasing, or selling (e.g., a slop barge used by a shipyard) cannot be covered by a Master Certificate. Any vessel for which a Certificate is required, but which is not eligible for a Master Certificate, must be covered by either an individual Certificate or a Fleet Certificate.

(b) An applicant for a Master Certificate must submit an Application form in the manner prescribed by §§ 138.40 through 138.60. An applicant must establish evidence of financial responsibility in accordance with § 138.80, by submission, for example, of an acceptable Master Insurance Guaranty Form, Surety Bond Guaranty Form, Master Financial Guaranty Form, or acceptable self-insurance documentation. An Application for a Master Certificate must be completed in full, except for Item 5. The applicant must make the following statement in Item 5: "This is an application for a Master Certificate. The largest tank vessel to be covered by this application is [insert applicable gross tons] gross tons. The largest vessel other than a tank vessel is [insert applicable gross tons] gross tons." The dollar amount of financial responsibility evidenced by the applicant must be sufficient to meet the amount required under this subpart.

(c) Each Master Certificate issued by the Director, NPFC, indicates—

(1) The name of the applicant (*i.e.*, the builder, repairer, scrapper, lessor, or seller);
